About me

Visual & Motion Designer with 2+ years of experience creating high-impact visual designs and motion content across branding, social media, and landing pages. Specialized in motion graphics, 2D animation, illustration, and SaaS product animations.

Experienced in using AI-driven creative tools such as Claude Design and Veo to enhance creative workflows and speed up production. Also skilled in AI-powered automation tools for daily content creation, including carousel generation using LTX models and ComfyUI.

Additional experience with AI avatar and voice tools like HeyGen and ElevenLabs for creating engaging digital content and presentations.
